## SACCO & VANZETTI

OmU (english subtitles)

The film tells the story of two Italian immigrant anarchists who were accused of a murder in 1920, and executed in Boston in 1927 after a notoriously prejudiced trial. It is the first major documentary film about this landmark story. The ordeal of Sacco and Vanzetti came to symbolize the bigotry and intolerance directed at immigrants and dissenters in America, and millions of people in the US and around the world protested on their behalf.
